Re: EB-06-TC-060  
Certification of CPNI Filing, February 6, 2006

Dear Madame Secretary:

Pursuant to the Commission's Public Notice DA 06-223 dated January 30, 2006, transmitted herewith on behalf of Coral Wireless Licenses, LLC ("Coral") is the Certification of CPNI Filing for Coral in the above-referenced docket.

In the event that the Commission or its staff should have any questions concerning this filing, please refer them to undersigned counsel for Coral.

Very truly yours,

J. Steven Rich  
for PAUL, HASTINGS, JANOFSKY & WALKER LLP

**CERTIFICATE**

I, Barry Rinaldo, the Chief Financial Officer of Coral Wireless Licenses, LLC ("Coral"), certify as agent for Coral that I have personal knowledge that Coral has established operating procedures that are adequate to ensure compliance by Coral and its affiliates with the rules of the Federal Communications Commission contained in Part 64, Subpart U of the Code of Federal Regulations. Attachment 1 hereto describes these operating procedures.

### **Attachment 1**

Coral is a provider of Commercial Mobile Radio Service ("CMRS") and does not offer telecommunications services to its customers in categories other than CMRS. Coral does not currently use customer proprietary network information ("CPNI") for internal marketing purposes or share CPNI with affiliates or with third parties, other than pursuant to requests by duly-authorized law enforcement officials. Consequently, Coral is not required to and does not maintain either an "opt-in" or "opt-out" system with respect to CPNI. In the event that Coral were to change the ways in which it uses CPNI, any such change would be reviewed and approved by the company's CFO, who is familiar with the FCC's rules governing the use of CPNI and who is the certifying officer for CPNI purposes.

Coral has established procedures to maintain the security of CPNI of its customers. For example, Coral requires that each customer supply a phone number and unique security code before accessing any information concerning his or her account. Further, Coral does not retain call detail records or store data in a central location that could be used to produce such records. Therefore, Coral does not disclose call records for any purpose other than in response to a valid law enforcement request.
